

# Trader Vic

Guided by Voices

6 to 9 will keep you to wait through  
Maybe mine will be here real soon  
Connect the lines and the zodiac sign

We whistle and thrive  
To static airplane jive  
We come alive  
After five

Oh, Trader Vic  
He's sure got a lot things on his mind  
Oh, Trader Vic  
He's sure got a lot things on his mind

Granted are the heads of the woodmen  
Splinted wings will not let them fly  
And when they try they'll fall on the faces

Never come back to the zoo  
It's the right thing to do  
In his mind that you'll find

Oh, Trader Vic  
He's sure got a lot things on his mind  
Oh, Trader Vic  
He's sure got a lot things on his mind

Vic is a nice man  
Never to reject what we bring  
We are the iron men  
And now we command you to sing

Oh, Trader Vic  
He's sure got a lot things on his mind  
Oh, Trader Vic  
He's sure got a lot things on his mind

Trader Vic  
He's sure got a lot things on his mind  
Oh, Trader Vic  
He's sure got a lot things on his mind
