

Transfusion

Guided by Voices

Absurdist smells
Sour grapes
Meaning not clean
Dirty ending

Question a taste
A number of sounds
The mime is dead or just pretending

Too much confusion
Need a transfusion
Raffle the ladies' offers
We want them
The part is too difficult to play

The words too weary
Go in doubt
Crying eyes make kaleidoscopes
We will bring dirty ending

Too much confusion
Need a transfusion
Baffle the babies
Partly to taunt them
The price will be difficult to pay

Compounded yearly
Down and out
Dying worlds make dinosaur bones

No dope's cup runs over
Wash your teeth
Spit shine your handcuffs

We're walking out
