

## Trashed Aircraft

Guided by Voices

Trashed aircraft, baby  
She's got a mouth too babe we got a mouth feast  
Trashed aircraft, baby  
Should've got a mouth piece, yeah  
She's coming down like a brick, shit be on my home

One of these days, get a cool girl  
Shaking my head and my brain now baby  
Took my brain where everything grows  
Beautify breaking from my brain now baby

Trashed aircraft, baby  
She's got a mouth too babe we got a mouth feast  
Trashed aircraft, baby  
Should've got a mouth piece, yeah

One of these days, get a cool girl  
Shaking my head and my brain now baby  
Took my brain where everything grows  
Beautify breaking from my brain now baby

Last scarecrow last you forever  
Even the way you went through the weather  
Store it, ignore it  
It will serve you in your time of need

Trashed aircraft, yeah
