

Tricyclic Looper

Guided by Voices

Tricyclic looper breaks his neck
Brings the wall down, says it's cool
Tricyclic looper says come on
Try it but that's not my school

Tricyclic looper free the man
The man that earns a chain a day
Tricyclic looper it's a gas
Freedom now and have some class

Try his shoes feel the play
Try 'em with me, that's okay
Drive around all your way
Drive me

Try his shoes feel the play
Try 'em with me, that's okay
Drive me around your way
Drive me

Oh come on, loop
Loop

Tricyclic looper loves his job
Chose it that way, he's a slob
Tricyclic looper scream and shout
Take some drugs and ride it out

Tricyclic looper free the man
Free the chump who broke his hands
Tricyclic looper all the way
All the day in all decay

She don't nose around me
I'm okay with that
Does she break my bottle baby
I'm the one who said that

Tricyclic looper
Tricyclic looper, loop
Come on, loop
Ah ah ah ah, ah ah ah ah, loop
Loop
