

## Try It Out (It's Nothing)

Guided by Voices

I'm just standing under  
Taking cover  
Fumbling zipper  
Dragging the stripper  
For a spin  
Go for a win

On the second loveliest planet  
Picking a window

Try it out - it's nothing  
Have fun with that  
It feels like nothing

Understanding  
Wonder woman dares you  
Switch on the strippers  
Their golden slippers  
Always fit  
You fancy it

It's the same for all populations  
Choose any nation

Try it out - it's nothing  
Be done with that  
It feels like nothing
