

Until Next Time

Guided by Voices

I'm off to work again
There goes Mario Andreddy
She's a real believer
In getting there first everytime
The first shall be the last
And the last shall be the first
Until next time
Well, you're unbelievable
In the mystic air
Was it just not in your cause
It seems so unfair!
So line 'em up
Shine 'em up and get them prepared
You're the next generation
The first shall be the last
And the last shall be the first
Until next time
