

Visit This Place

Guided by Voices

Look out at the air raid
Stays thick'd and come alive

Visit this place, now to peace and
Visit this place do you reach out?
Visit this place, not at peace and
Visit this place will you reach it?

Go with the ushers of simple pain
Take chances examine the broken circles

Visit this place, now to peace, yeah
Visit this place do you reach out?
Visit this place, not at peace, yeah
Visit this place if you reach it

Crawl from the holes that hold your eyes
Feel the importance of crying

Visit this place, now to peace, yeah
Visit this place but do you reach out?
Visit this place, not at peace, yeah
Visit this place about to reach it

Visit this place
Visit this place
Visit this place
Visit this place

Crawl from you eyes come alive
Crawl from you eyes come alive
Crawl from you eyes come alive
Crawl from you eyes come alive
