

Where Have You Been All My Life

Guided by Voices

Important to remember
Not to waste good hours
Maybe two or four a night

Man behind the curtain
Is a well known coward
Maybe you don't know what's right

Where have you been all my life?
Where have you been all my life?
Life, yeah

Try to find an exit
Will you hold my keys
Wanna open up my pound

Any semblance of language
Being lost on me
But a new tongue I have found

Where have you been all my life?
Where have you been all my life?
Life, yeah

Which is coming
Where are you?
But don't forget
Where the real intention lies

Basking on the pavement
Of a golden street
Under gray dishwater skies

Where have you been all my life?
