

Bolt Swallower

Gulch

Kings of the leech swallowing whole
Parasites of man to be enslaved at the throne
Crushed by the stone that sharpens the axe
Called beyond death to split the king down its back

Weaponizer slaughter God
Holy blade to cleanse them all
Weaponizer primal nerve
Forcing procreation upon those who serve

Limbs of the king held high
The corpse of man falls from the sky
Kings of the leech swallowing hole
Parasites of man to be enslaved at the throne
Weapons of man offered to spare
The life of the servants now caught in the snare
