

# Crazy You

Gun

Oh crazy you  
What am I supposed to do?  
Heaven knows I tried to change you  
But you just keep getting stranger

I say  
Oh crazy you  
What the hell's got air to you?  
While you're trying to impress me  
With your plastic floor injectors  
Crazy you

I'm driving in my car  
Every light I see is a star  
And it makes me feel so happy, what's wrong?

I'm rebelled in sway in time  
And the street light's calling my name  
And the goldfish keep on singing king kong

Oh crazy you  
Where's the life that we once knew?  
With your anger and your madness  
All your laugh reveals your sadness

I say  
Oh crazy you  
Was it all a game to you?  
All the friends you left behind you  
They're all still there to remind you  
Crazy you

Don't beg me  
I don't want to  
I don't want to

Oh crazy you  
What am I supposed to do?  
Heaven knows I tried to change you  
But you just keep getting stranger

I say  
Oh crazy you  
where's the life that we once knew?  
While the world outside is madness  
We can drive away the sadness  
Crazy you...

I thought that I knew you  
But now I see right through you  
Don't beg me, I don't want to  
Don't beg me, do what you do
