

# Watching the World Go By

Gun

You say it just scares you when look around  
Things never ever had to be this way  
Sometimes when I look at friends, I just see myself  
Now leaving is the price I have to pay  
Wish me well  
You know I've gotta go  
You know I've gotta go  
I've done my time

Living without freedom within  
And I'm torn and divided inside  
Nothing left to give  
Nothing left to lose  
And it's time I've decided to say goodbye

You say you can never tell what tomorrow brings  
But I've been there and I've walked that road before  
Things can change and I look back at the memories  
As the night falls, another dream just slips away

I can't stay here  
Watching the world go by  
Watching the world go by  
I've done my time

Living without freedom within  
And I'm torn and divided inside  
Nothing left to give  
Nothing left to lose  
And it's time I decided to say goodbye  
Say goodbye

Born to live till the day we die  
People talk, tell me who decides  
Days just pass you by  
Life will pass you by  
Had enough of the same old scent  
Same old faces  
Same old dreams  
And I watch my world go by  
Let me go  
Somebody help me

Can't stay here  
Watching the world go by  
Watching the world go by  
I've done my time

Living without freedom within  
And I'm torn and divided inside  
Nothing left to give  
Nothing left to lose  
And it's time I've decided to say goodbye  
Living without freedom within  
Watching the world go by  
And I'm torn and divided inside  
Watching the world go by

Nothing left to give  
Nothing left to lose  
And it's time I've decided to say goodbye
