

Born Again

Gungor

Water deep
Walk up to the edge now, oh cleanse me
I give my body and soul
I believe
Oh, I believe

Jesus resurrect me, I'm mostly dead
Oh, Mother guide my soul to the water's edge
God, rid me of God when I look for him
I have been born again

Go underneath
Do all of my sins lay at the bottom of the sea?
I give my body and soul
I believe
Oh, I believe

Jesus resurrect me, I'm mostly dead
Oh, Mother guide my soul to the water's edge
Oh, we live and die before death begins
Let me be born again

All the angels spread out their wings above
Heavenly hosts, they're singing "Hallelujah"
Born and all [?] reborn before death begins
I have been born again
I have been born again
I have been born again
