

# Remember

Gungor

You left your gaze, and I become the star  
You close your eyes, and I become the dark

Remember me. Remember me

Lift up a song and you will find me there  
Unlock your phone and you will find me there

Remember me. Remember me

Here is all I am  
Here is all I am

Oh

I am the way, the truth. I am the light  
I am the bread, the cup, the holy wine

Remember me. Remember me

Oh

Here is all I am  
Oh, here is all I am  
I am  
Here is all I am  
Oh  
Here is all I am

Oh

What if we stopped our little game for now  
And just remember what we're doing now?

Remember you. Remember you

Do you remember you?
