

## Same Sky

Gungor

Ever feel it's all too much  
Yet somehow still not enough  
Afraid of them but don't like us  
Like nothing ever satisfies? Oh  
Ever feel you lost your voice?  
A prisoner without a choice  
Inside your mind

Sometimes  
Rain clouds block out the sunshine  
All of it's just the same sky  
Just let go, I know it's all  
Gonna be fine  
Come on, let's have a good time  
We could all fly so high

Uh, it's okay to be afraid  
You don't gotta be okay  
Just be, mmh  
The good news is that nothing lasts  
Thankfully this too shall pass  
In time, you'll find

Sometimes  
Rain clouds block out the sunshine  
All of it's just the same sky  
Just let go, I know it's all  
Gonna be fine  
Come on, let's have a good time  
We could all fly so high

So high  
We're flying beyond space-time  
We always have been just fine  
Just fine

Love rise  
Break us up like a sunrise  
We could all fly so high  
Oh, come on

Love rise  
Break us up like the sunshine  
We can all fly so high  
Everybody's looking for those good vibes  
Come on, let's have a good time  
We can all fly so high  
So high

Love rise  
Break us up like the sunshine  
We can all fly so high  
Everybody's looking for those good vibes  
Come on, let's have a good time  
We can all fly so high

Break us up like the sunrise

We could fly  
Fly, fly

Now I see you  
You are beautiful, beautiful  
Now I see you  
You are beautiful  
Now I see you  
You are beautiful, beautiful  
Now I see you  
You are beautiful, beautiful
