Gunna

Whippin' that Masi, pay me for the party
I don't wear Ed Hardy, got drip on my body
Ten thousand ones for these strippers in Follies
Codeine I sip while I'm smoking exotic
Working like Gotti, my crew almighty
No TGI Fridays, eat five-star, we dining
All of my bitches want VVS diamonds
Throw racks in the club and start changing the climate

Oh, H 'round my waist, I'm back rocking Hermes
Givenchy Air Forces, they cost me a bag
I rock a show, give some racks to my man
I eat the cake too, brought my bitch to the sand
I geek up my whips and live life on the edge
Slime out of town so I'm sipping this red
I cannot cap, these racks getting to my head
Young Gunna rappin', I really was trappin'
