conscience

Gunna

Uh

No, I never flipped, niggas jump ship just to go and get a check
I've been a tough soul when the whole world been on my neck
It done been long nights, long early mornings, I barely get rest
K pop, pop a X, my bitch pourin' OJ, Moët
Niggas can't even tell I'm high as hell, but I feel low
I ain't ever sad, I'ma trust the process and I let it all go
Niggas can't compare, it's not a contest, I'm here to let you know
Young Gun'Wunna comin' down Sunset, I'm rollin' in a Rolls
Show 'em it's a lot just to reach the top, dog, I really give 'em hop
e
Told you I'm just bein' me, I'm a humble beast, but I go loco
I could splurge a hunnid Gs, them cuties, I'm stayin' low
I ain't in no nigga lane, I'm stayin' the same, I'm playin' my role

Can't function, I'm fed up with this nonsense
Lotta shit, and it's weighin' on my conscience, oh
Gotta work 'til I make me a fortune
All this money weighin' on my conscience, oh
Common sense, it don't even seem common
Dividends is weighin' on my conscience hard
Independence weighin' on my conscience hard
Close peers wanna beat me and can't beat me at all
Close peers wanna be me and can't see me at all

Go triple-double like Westbrook, they pay me to ball
Put up two doors, two fog lights, Porsche look like a frog
I'm OD countin' more Gs, put a mill' in the safe
I don't stat chase, but I rat race, hustle like in the '80s
Wanna see how much more I can take, they want me to go crazy
All these drugs, it's hard to concentrate, I'm highly sedated
Had to tell myself it ain't just me, this world full of hatred
I been stackin' this foreign currency, I learn different languages
I bought black diamonds and white diamonds, this world segregated
(I bought black diamonds and white diamonds, this world segregated)

Can't function, I'm fed up with this nonsense
Lotta shit, and it's weighin' on my conscience, oh
Gotta work 'til I make me a fortune
All this money weighin' on my conscience, oh
Common sense, it don't even seem common
Dividends is weighin' on my conscience hard
Independence weighin' on my conscience hard
Close peers wanna beat me and can't beat me at all
Close peers wanna be me and can't see me at all

(That's a good one, P)
