

Interlude

Gunplay

That Lito over there?
Hey, hey Lito
Lito
Hey, what's up, boy?
Boy, what they do, woh?
Hey, cool, it chillin' like a villain like Spider-
Man on the ceilin'
Hey, come on, man, you always with that bullshit, dog
What's up, man? What's up wit you?
Man, I can't call it
Man, I stand down and around like the gum on the ground
This nigga here, man, what's up with that ho from last night?
That shit was lookin' right
Oh, yeah, bruh, shorty was trippin' on that white
Sucked the dick so good, I had to double pack twice
Nigga, two times?
Nigga, two times, like a smoker with two dimes, ya hear me?
Copy, copy, what's up with the trap though?
Man, now I hit the block
Vultures hit it out the back, though
Naw, hold up, hold up, keep your face out the place, man
Best way to duck a case, man
Yeah, man, I hear that, bruh
You sure you hear that, bruh?
'Cause niggas that ain't hear me ain't here now, bruh
That's a fact, what's up wit your mans?
What he got goin'? He still trippin' 'bout that lil' change we
on?
Don't even sweat it, he ain't even trippin'
New batch came through, even better ticket
Ooh, alright, that's what it is, I'ma slide to the crib
Safe travel on that gravel, nigga, get it how you live
