## This I Love

## **Guns N' Roses**

And now I don't know why She wouldn't say goodbye But then it seems that I Had seen it in her eyes

And it might not be wise I'd still have to try With all the love I have inside I can't deny

I just can't let it die Cause her heart's just like mine And she holds her pain inside

So if you ask me why
She wouldn't say goodbye
I know somewhere inside

There is a special light Still shining bright And even on the darkest night She can't deny

So if she's somewhere near me
I hope to God she hears me
There's no one else
Could ever make me feel
I'm so alive
I hoped she'd never leave me
Please God you must believe me
I've searched the universe
And found myself
Within' her eyes

No matter how I try
They say it's all a lie
So what's the use of my confessions to a crime
Of passions that won't die
In my heart

So if she's somewhere near me I hope to God she hears me There's no one else Could ever make me feel I'm so alive

I hoped she'd never leave me Please God you must believe me I've searched the universe And found myself Within' her eyes

So if she's somewhere near me I hope to God she hears me There's no one else Could ever make me feel I'm so alive

I hoped she'd never leave me Please God you must believe me I've searched the universe And found myself Within' her eyes

So now I don't know why
She wouldn't say goodbye
It just might be that I
Had seen it in her eyes
And now it seems that I
Gave up my ghost of pride
I'll never say goodbye
