

# Lost Shadow

GUNSHIP

That fairground ride, that perfect light, hey spin us faster kid  
What a day that was, I lost my shadow  
Leagues above this town I will meet you there someday  
Future set, a beautiful subject  
The sweet smell after rain  
What I'd give for that to stay  
Soft dawn, pull the curtains wide  
Failure by design, something tears cannot revive  
Memories, I will miss everything

Take me back to the storm of yesterday  
Lost in the night, nowhere to hide  
You whisper to me  
I don't care, I don't care, I don't care, I don't care  
Lucid silhouettes of vapour  
Time slip, impact, shoot over  
Head back, I'm leaving it all for you

The pain was so much more than anybody said  
What a day that was, I lost my shadow  
The cruel but gracious final drag of the tide  
Girl keep my seat warm up on the other side

Take me back to the storm of yesterday  
Lost in the night, nowhere to hide  
You whisper to me  
I don't care, I don't care, I don't care, I don't care  
Lucid silhouettes of vapour  
Time slip, impact, shoot over  
Head back, I'm leaving it all for you

When will I see you again  
Redshift, the stars start to swim in time  
Relative gestures  
Let it rain down, let it rain down forever  
We were learning to fly  
Guided by reflections and echoes  
When hope looked like this

Take me back to the storm of yesterday  
Lost in the night, nowhere to hide  
You whisper to me  
I don't care, I don't care, I don't care, I don't care  
Lucid silhouettes of vapour  
Time slip, impact, shoot over  
Head back, I'm leaving it all for you
