

# ANTIFREEZE

Gus Dapperton

I'll sink like stones if you let me  
I need something to hold or I could drown  
Inside the troubled waters, I can't mouth  
But should it freeze, well, I can skate  
And break the borders keeping us from fate  
If we should land upon its face  
I'll never leave that place  
Oh, won't you stay?

I could take a sip of you and get brain freeze  
You could take a hit of this and melt down to your knees  
It could take forever to apply the antifreeze  
Keep you in the dark at minus twenty-two degrees

Ice blast, ice blast  
You're talking trash, mate  
One minute you were saying we were best mates, sharing toothpaste  
And the next minute I'm really thinking fast  
'Cause your words leave scars like an Uzi  
Like an AK, gonna leave bruises  
You really hurt me bad

I'll break like bones if you let me  
And try to turn your sad face upside down  
Inside the troubled waters, I can't melt  
But you're so cold (You're so cold)  
Yeah, that's for sure (That's for sure)  
I see my breath in this temperature  
My tongue gets stuck to your frozen face  
I'll never leave this place  
Oh, won't you stay?

I could take a sip of you and get brain freeze  
You could take a hit of this and melt down to your knees  
It could take forever to apply the antifreeze  
Keep you in the dark at minus twenty-two degrees  
I could take a sip of you and get brain freeze  
You could take a hit of this and melt down to your knees  
It could take forever to apply the antifreeze  
Keep you in the dark at minus twenty-two degrees

Maybe in another life  
Maybe
