

All The Way Up To Heaven

Guster

F
He said to only look up
Fmaj7
He said to never look down
F7 **B**
Down is where he came from
F
He said to hope for the best
Fmaj7
and take a load off my chest
F7 **B**
Soon I could be happy

C# **C**
And go all the way up to heaven
C# **Es**
And go all the way back home

F Fmaj7 F7 B

F
He thought I might need his help
Fmaj7
No one gets high on themselves
F7 **B**
I just seem so lonely
F
He's just trying to be nice
Fmaj7
And spread around his advice
F7 **B**
I could be that happy

C# **C**
And go all the way up to heaven
C# **Es**
And go all the way back home

As **C#**
Stay the way I am today and serve to more disaster
As **C#**
He could tell a fairy tale that's happy ever after
Bmi **Es**
Just relax and green of grass will grow here for a change
C#Bmi **Es**
Maybe ()then we'll last a million years or more
Es/C# **Es/C** **Es/B**
..or more..or more.. or more

F Fmaj7 F7 B

C# **C**
And go all the way up to heaven
C# **Es**
And go all the way back home

G
Yes,

Gmaj7
I do believe what he says

G7 C
I want to be happy

G
I could show you this hell

Gmaj7
No one gets by on themselves

G7 C
He can make me happy

(It's a long silent peace)

G
And I will only love him
(It's a weakness in your knees)

Gmaj7
And I will never look down
(It's a perfect place to go for everlasting love)

G7 C
Down is where we came from

(Nothing to fear, nothing to hide)

G
Because it's all in the past
(You just say what's on your mind)

Gmaj7
He took a load off my chest
(Needn't think before you speak, this is how it's meant to be)

G7 C
Ooh cause it's not happy

(Never high, never fall)

G
Cause I had needed his help
(You can do no wrong at all)

Gmaj7
No matter how by myself
(In this heaven up above filled with everlasting love)

G7 C
I am going nowhere

G
And now I'm changing my plans

Gmaj7
Because we only live once

G7 C
Ooh could be this happy

G
Once,

Gmaj7 G7 C
I could live by his side.
