And you walked out when I asked you to stay  
As usual you will get your way (nebo )  
You closed the door and shuffled down to the street  
Where you wring your hands and drag your feet  
Where the words can't find you  
To crawl inside you

I'm ringing all the warning bells  
Careful or you'll hurt yourself  
Others lie, lie, lie, they adore you  
I'll be the one to tell  
Careful or you'll hurt yourself  
Gonna try, try, try till the morning comes..

But you can't hide standing under these stars  
They know everything, they know where you are  
You're in your head, you're all turned around with it  
And they're shining down their light to bring you back again  
Back where I can find you  
To crawl inside you

I'm ringing all the warning bells  
Careful or you'll hurt yourself  
Others lie, lie, lie, they adore you  
I'll be the one to tell
