

## Great Escape

Guster

Please come tempt me you've got something good in mind  
Dropped everything glad to be persuade this time  
Into the car baby bleed the gas  
Fast is fast never turning back  
Oh yeah not scared of that  
The past has passed and we cannot take it back  
They want to know if we could get away  
Yeah we backed it up and made our great escape  
When the dust will settle and they discover  
The furthest exodus getting somewhere  
While the messengers get the message in  
Try to capture us we've done nothing wrong  
Please come tempt me steal me from this priss-teen life  
Oh so gently everyone feels pain this time  
Into the car baby bleed the gas  
Fast is fast never turning back  
Oh yeah not scared of that  
The past has passed and we cannot take it back  
They want to know if we could get away  
Yeah we backed it up and made our great escape  
When the dust will settle and they discover  
The furthest exodus getting somewhere  
While the messengers get the message in  
Try to capture us we've done nothing wrong  
Oh she wants me  
And she needs me  
She can have me all of the time  
Oh she wants me  
And she needs me  
Circle circle dot dot dot  
They want to know if we could get away  
Yeah we backed it up and made our great escape  
When the dust will settle and they discover  
The furthest exodus getting somewhere  
While the messengers get the message in  
Try to capture us we've done nothing wrong
