

Hello Mister Sun

Guster

Nice to see you mr. Sun
You didn't mean to hurt no one
When shooting down your laser guns
And sunburns

It's no good when you're gone
Leave us happy and warm
For a long, long time

Come back tomorrow mr. Sun
'Cause shadows visit everyone
They dull and dim your laser guns
And sunburns

It's no good when you're gone
Leave us happy and warm
For a long, long time
You are an oldest thing
You are an oldest thing
'Cause you've heard and it's hard
But you're not just a blob
You're a big bright star

Hello mr. Sun
You can make a rainbow
Hello mr. Sun
You can make a rainbow
Hello mr. Sun
You can make a rainbow
Hello mr. Sun
You can make a rainbow
Ah ah ah
Rainbow
