

# Keep Going

Guster

I bought a ticket but the train didn't stop  
Ended up walking all the way singing "Ooh La La"  
I made it home and put the radio loud  
Was just static but still turned me on

Well the world brought us here  
If we let it now all good things reappear

It's ok I'm alright  
It's ok I'm alright

Keep going  
Keep going  
To the light

It's ok I'm alright  
It's ok I'm alright

Slow motion on a video tape  
We had magic, it still turns me on  
And at the end of this dark night  
Which way to go  
I may just take a walk to the bright side, the bright side

Well the world brought us here  
If we let it now, all good things reappear

It's ok I'm alright  
It's ok I'm alright

Keep going  
Keep going  
To the light  
It's ok I'm alright  
It's ok I'm alright

It's ok I'm alright  
It's ok I'm alright

Keep going  
To the light

Keep going  
Keep going  
To the light

It's ok I'm alright  
It's ok I'm alright  
It's ok I'm alright  
It's ok I'm alright
