

Mona Lisa

Guster

If in the morning you look up
Fake a smile and you sigh
Don't fear the future
In years to come
You'll learn, you'll learn

I used to sit and watch the pouring rain
I used to wish to be back home again
Hadn't the strength then
Hadn't the chance to reveal
But it's all, it's all in your head

When do we begin?

Although he so sad
Discovered things never had
It makes you wonder
A life alone
You'll learn, you'll learn

I used to sit and watch the pouring rain
I used to wish to be back home again
Hadn't the strength then
Hadn't the chance to reveal
But it's all, it's all, in your head
It's all, it's all, in your head

When do we begin?

When do we begin?

You'll learn, you'll learn, you'll learn
Don't fear the future

I used to sit and watch the pouring rain
I used to wish to be back home again
Hadn't the strength then
Hadn't the chance to reveal
But it's all, it's all, in your head
It's all, it's all, in your head
It's all, it's all, in your head

When do we begin?
