

# Saturday Truck Fever

Guttermouth

I got's me a truck  
It's a big ol' fucking truck  
With some big ol' fucking wheels  
And a big ol' fucking muffler  
Got a wench on my truck  
Just in case if you get stuck  
I'll be pulling out your ego  
And taking home that 8 point buck you schmuck

You suck, that heap of shit that you claim as a truck  
Good luck, if y'all ain't pumping diesel then you're fucked  
So fucked, in record time I'll skin that fucking buck  
What luck, and then I'll mount the antlers on my truck

I love my truck  
There's many like it  
Buts it's my truck

Hot damn I love my truck  
It's the baddest fucking truck  
Not a chance I will get stuck  
It's a mother fucking kick ass truck  
Be a shinning up my truck  
After trucking through the muck  
With triple foam carnuba  
I'll polish all the dear guts off my truck

You suck, that heap of shit that you claim as a truck  
Good luck, if y'all ain't pumping diesel then you're fucked  
So fucked, in record time I'll skin that fucking buck  
What luck, and then I'll mount the antlers on my truck

I love my truck  
There's many like it  
But it's my truck  
But it's my truck  
Oh, what a truck  
A BFT an XLT you call it what you like but it's my truck

This is my truck  
I love my truck  
There's many like it  
But it's my truck  
But it's my truck  
Oh, what a truck  
An 80,000 dollars mother fucking grocery hauler it's my truck  
I love my truck  
There's many like it  
But it's my truck  
But it's my truck  
Oh, what a truck  
So much fucking power I'll be filling up each hour in my truck
