

# Fantasize

**Guy Sebastian**

You don't have to overthink it  
Tell me what to be and baby I'll be it  
Curiosity turned to believin'  
You know I know how to give you that feelin'  
So come and whisper in my ear  
Tell me words I never thought I'd hear  
Right now there's no limit there's no fear  
You know I know how to give you that feelin'

"Can I say what's on my mind?"

I got a bed thousand thread count sheets  
Baby why just fantasize  
We can hook up we can do whatever's on your mind  
We don't need a plan keep your hands on me  
I'm a let you improvise  
Just take your time  
We can get wild  
Baby I don't mind  
So why just fantasize

So why, so why  
Just fantasize  
So why, so why  
Just fantasize

Don't be hiding your desire  
We should be pouring some fuel on this fire  
You can decide it and baby we'll try it  
I think you already know you gon' like it, like it  
So come and whisper in my ear  
Tell me words I never thought I'd hear  
Right now there's no limit there's no fear  
I think you already know you gon' like it, like it

"Can I say what's on my mind?"

I got a bed thousand thread count sheets  
Baby why just fantasize  
We can hook up we can do whatever's on your mind  
We don't need a plan keep your hands on me  
I'm a let you improvise  
Just take your time  
We can get wild  
Baby I don't mind  
So why just fantasize

So why, so why  
Just fantasize  
So why, so why  
Just fantasize

"Can I say what's on my mind?"

I got a bed thousand thread count sheets  
Baby why just fantasize  
We can hook up we can do whatever's on your mind

We don't need a plan keep your hands on me  
I'm a let you improvise  
Just take your time  
We can get wild  
Baby I don't mind  
So why just fantasize
