

# Mind on You

Guy Sebastian

There's two empty glasses on the mattress  
Bottle gone  
In this broke down palace  
We got Savage 101

We went round for round  
Early morning now  
Coffee in the cuff  
Think we did too much  
That's how we do love  
Just when I want out  
You remind me how  
I can't get enough  
I've got my mind on

Last night  
'Cos I'm still feeling it  
Your high is as good as it gets, oh yeah  
One time can we do it again?  
Want to do it again, I  
I've got my mind on  
You  
Got my mind on you, yeah  
I've got my mind on  
You  
Got my mind on you, yeah

All the same old issues  
They continue coming back  
But they go to rearview in this bedroom  
Fade to black

We went round for round  
Early morning now  
Coffee in the cuff  
Think we did too much  
That's how we do love  
Just when I want out  
You remind me how  
I can't get enough  
I've got my mind on

Last night  
'Cos I'm still feeling it  
Your high is as good as it gets, oh yeah  
One time can we do it again?  
Want to do it again, I  
I've got my mind on  
You  
Got my mind on you, yeah  
I've got my mind on  
You  
Got my mind on you, yeah

I've got my mind on you  
(Got my mind on, mind on)  
I've got my mind on

Last night made my whole body trip  
Can't lie with the truth on my lips  
One time, can we do it again?  
When we do it again, I

I've got my mind on  
You  
Got my mind on you, yeah  
I've got my mind on  
You  
Got my mind on you, yeah

I've got my mind on you  
I've got my mind on you  
I've got my mind on
