

Write One

Guy Sebastian

I wish there was a love song
One that I could sing you all night long
There's so many love songs
But none that ever say it all in one

They never seem to say the things I need to say
There's not a masterpiece out there that paints that way
There's not a melody to tell you how I feel
Not a symphony or poetry that will
They don't ring true
I can't seem to find one
So I'm gonna write one
For you

Another word for beautiful
So you know I see inside your soul
Won't settle for the usual
Not gonna use a word just 'cause it rhymes

They never seem to say the things I need to say
There's not a masterpiece out there that paints that way
There's not a melody to tell you how I feel
Not a symphony or poetry that will
They don't ring true
I can't seem to find one
So I'm gonna write one

A song
A song that never dies
That gives you all the feelings
Even after it's been played a million times
Or even more
Like it's never been heard before

They never seem to say the things I need to say
Oh, there's not a masterpiece out there that paints that way
There's not a melody to tell you how I feel
Not a symphony or poetry that will
They don't ring true
I can't seem to find one
So I'm gonna write one
For you

For you, for you, for you, for you, for you
For you, for you, for you, for you, for you

Oh, I'm gonna write one for you
