

Don't Clap...Just Dance

Guy

Yeah, yeah, yeah
(Just dance)
(Don't clap your hands, just dance)
Uh, come on, oh
(Just dance) Na, na, na
(Don't clap your hands, just dance) Come on
(Just dance) Dance, dance, dance
(Just dance)
(Don't clap your hands, just dance) Come on
(Just dance)
(Don't clap your hands, don't clap) Oh, just dance

(Don't clap your hands, don't clap) Oh, just dance
(Just dance)
(Don't clap your hands, don't clap) Baby, yeah

Hey fellas
There's a girl that's on the wall
Standing slim and tall
But I think that's all she wants to do (Just dance)
Oh, but I don't think that is true
'Cause I see you're a mover too
Sneaking out her attitude (Dance)

Girl, make up your mind
If you don't want to groove, that is fine (Dance)
Girl, don't be confused
Follow me, baby
Now it's time to get loose

Just dance (Just dance, don't clap your hands, don't clap)
Oh, baby, just dance (Just dance, don't clap your hands, don't clap)
Baby, baby, please, just dance (Just dance, don't clap your hands, don't clap)
Don't clap your hands (Just dance, don't clap your hands, don't clap)
Woah (Just dance)

Yeah, don't clap your hands, just dance
C'mon, get down (Just dance)
Don't clap your hands, just dance (Don't clap)

You know, girl, as I look into your eyes
You got me hypnotized
My temperature's about to rise (Just dance)
Oh, just get up on the floor
Baby, go for yours
'Cause I know that's what you came here for (Dance)

Girl, make up your mind
If you don't want to groove, that is fine (Dance)
Girl, don't be confused
Follow me, baby
Now it's time to get loose

Dance, just dance (Just dance, don't clap your hands, don't clap)

(Just dance, don't clap your hands, don't clap)
Baby, baby, please, just dance, just dance (Just dance, don't clap your hands, don't clap)
