

## Gotta Be A Leader

Guy

So, Teddy, what is your conclusion to the New Jack Swing GR Production situation?

Well, Chris, I think it was a great experience to our advantage. But a bad moment in our lives. But with the total control that we have today, that situation will never happen again. And the one thing we learned from our mistakes is you gotta be a leader

Uh

Come on, come on

Yo

Here we go

Come on, come on

Yo

Here we go

Yep, yep

Yo, yeah

Come on, come on, come on

Yo

Yeah

Yo

Yep, yep

Uh, yo

Gotta be a leader, everybody wanna follow

Bitin' my style, somethin' that I can't swallow

Tryna make it swing, homeboy, it ain't swingin'

Nothin' but noise, you got my eardrums ringin'

T to the E, double D to the Y

R-l-L-E-Y, must you try

To jump on the tip, no, I'm not braggin'

Do your own thing, you get my tail pipe draggin'

Wearin' it out, but yo, it won't happen

Long live the New Jack Swing 'cause it's happenin'

Bitin' it quick, but I'm two steps ahead

And it can be said I was the one who led

And you tagged along, copyin' like a zerox

Left in the dust with a face full of teardrops

I'm makin' 'em hot as a healer

Get the gas face, cheater, you gotta be leader

Come on, yo

Come on, come on, come on

You gotta be a leader, yo

C'mon

You gotta be a leader

Yo

Come on, come on, come on

You gotta be a leader

Yo, Nasty Man, Crazy Legs, kick it

A leader, ready to take control of the mic

Followers bite, but they can't copyright

And those that could, be ready for the comeback

'Cause I'm choppin' 'em like a lumberjack

Step aside and listen to the real thing (Uh)

A slight change, they took what you thought I would bring (Uh)

Cool, I could still swing it

Jake the fakes, let the Nasty Man sing it

Yo, tell 'em like it is, G  
You gotta be a L-E-A-D-E-R, leader  
As I get smooth, fakes play the background  
Listen up 'cause I'm kickin' you a fact now  
Bow to the masters of fashion (Uh)  
You get the change from the checks I'm cashin' (Uh)  
As I eliminate anybody bitin' me like a mosquito (Uh)  
You gotta be a leader

Yo (Let the leader lead)  
Yo (Let the leader lead)  
Yo (Let the leader lead)  
Yo, G, you gotta be a leader  
You gotta be a leader  
Yo (Let the leader lead)  
Yo (Let the leader lead)  
Yo (Let the leader lead)  
Aqil, B-Dog, party hard

First thing's first  
Burst the bubble of the bald head trouble  
Copycat and listen that I'm tryna make a double  
'Cause all that swing is what I can't believe a thing about, shout  
Jump off the jimmy now, Mr. Clean  
You gotta be a leader, else you won't be seen  
So slow down, low down  
Before you gettin' knocked down  
And hit you shiny crystal bald head on the ground  
Kick you like a base drop, slap you like a snitch  
Stickin', move quick 'til he starts growin' hair  
The basic move you made, was basically a waste  
Why run a race just to come in second place?  
Now here, have a taste of the real Jack Swing  
A slice of phony errands in their ear so they can't sing  
And maybe then, you kiss the fever to become a believer  
Not a deceiver, you gotta be a leader

Yep, yep, yep, yep (You gotta be a leader)  
Yep, yep, yep, yep (You gotta be a leader)  
Aw yeah (You gotta)  
Yo, G, you gotta be a leader  
You gotta be a leader  
Yo (Let the leader lead)  
Yo (Let the leader lead)  
Yo (Let the leader lead)  
Here we go (Let the, let the leader lead)

Now, take a look around, count up all the leaders  
Do you think maybe you could be a leader?  
Did peer pressure get ya?  
Call you a punk until you said, "Uncle"  
Made you do what you really wasn't sure about  
A follower's life has no whereabouts  
Just to wear it out  
Taggin' along and tail-gatin'  
The next man, but fade him out  
But for now, you're jammed  
You gotta make a power move, gotta be the man  
Takin' a stand may lead you to a conflict  
But just get what you got to get  
It's time for you to rise, not fall  
Further behind in line 'cause all

Nah, most people love to follow  
Quit bein' a cheater, you gotta be a leader

(Let the leader lead)  
(Let the, let the leader lead)  
You gotta be a leader  
(Let the, let the leader lead)  
(Let the leader lead)  
You gotta be a leader  
(Let the, let the leader lead)  
Ayo  
(Let the leader lead)  
You gotta be a leader  
(Let the, let the leader lead)  
(Let the leader lead)  
You gotta be a leader  
Yeah (Let the leader lead)  
Scratch it up, scratch it up (Let the, let the leader lead)  
Cut 'til you got to be a leader  
(Let the, let the leader lead)  
Yep, yep (Let the leader lead)  
You gotta be a leader  
(Let the leader lead)  
Yo, world (Let the leader lead)  
You gotta be a leader  
(Let the leader lead)  
Ayo, what's the name of this song? (Let the leader lead)  
Uh
