Nothing in this world can overwhelm longevity (Longevity)
And nothing in this world can overwhelm respect (Respect)
And nothing in this world can overwhelm the faith (Faith)
The pride (Pride), the strength (Strength)
The power (The power) of G-U-Y (Y) lasting over a decade (Yeah)
But y'all wanna see me fall, huh? (Yeah)
So you think you made it to the top, huh?
But we're back
And guess who brought us back
It's God and you, God and you, God and you (God)

A lot of people out there think that they know me
And a lot of people out there don't
Why they try to put me in jail? I don't know
Why they try to keep me back? I don't know
Can't see my kids, I love 'em so much
But that's still not gonna let me down
That's still not gonna stop me from gettin' to the top
