

Asian People

GWAR

Asian people make great cars, but lousy drivers
And if for a moment I may be incorrect, for a moment let me say
That I hate the Jews
But that's okay, I hate negroes too
And I really hate the white motherfuckers
Kind of a "equal opportunity hate"

Humans suck, cock that is
Ah, what do you care?
You're just a bunch of penguins

You gotta respect everybody, even if you don't like them
You see, they might have a weapon

Admit it, the evil empire didn't die with the fall of communism
It grew stronger
And a child and a gun go together like apple pie and mom

It's our God-given right to ride around with a gun in our car

Ah, ass
The crack that you must pass
I'll stake a claim, I'll remain at the cleft where few shall pass
Beneath the stink of baking block, we're all becoming livestock

I keep a close watch on this pot of mine
I keep my pants pulled down all the time
I'm saving up to be a mime
Because you're slime
And I'm a mime

I'm a mime
I'm a mime, m-mime, m-mime
I'm a mime
I'm a mime, m-mime, m-m-m-m-mime, mime
I'm a mime, m-mime, m-mime
I'm a mime
I'm a mime, m-mime, m-m-m-m-m-mime, mime
I'm a mime, m-mime, m-mime
M-m-m-m-mime, mime
I'm a mime...

I can tell the enemy fears us by the way he fires
We conserve and scavenge everything
