

Blood Libel

GWAR

Poison the well
Desecrate the host
Drain the child
Ha-ha-ha-ha-ha-ha-ha
Ritual murder
Ancient lies recycled
Adrenochrome
Is Blood libel

This is blood
This is blood
This is blood
Blood libel

Conspire to rule
Murder god himself
Men have always conjured ghouls
To blame someone else
Where darkness lurks
Conspiracy condemns
Lies do the work
Making demons of men

This is blood
This is blood
This is blood
Blood libel

Fools
It was GWAR all along
We drink the blood of children
But not to stay young
We juice them like lemons
Just because it's fun
3:00 in the morning
Let the orgy begin
Let's order cheese pizza
For all our fucked up friends
You know sometimes
The truth fucking hurts
If there's a baby raping ring
It's the Catholic Church

This is blood
This is blood
This is blood
Blood libel
This is blood
This is blood
This is blood
Blood libel
