

# Isn't This Disgusting

GWAR

Burp

Intro, Spoken

So you want to talk about obscenity, huh?

Like the way you treated that hooker last night

Far fucking out dude

You really dominated her

And just think she's about the same age as your daughter, you fucking pig

And how about your daughter? Do you still beat her? Or do you fuck her now too?

Like your whole family when you take 'em out to McDonald's or Burger King

And stuff their ugly faces full of that diarrhea

Do you know what I mean?

Like, all I wanna know is when are you gonna open your eyes and take a look around and realize that it's your greed and your materialism that's destroying this planet?

So why don't you shut the fuck up about censorship

Cause it's you I'm singing about, asshole

Verse 1

Fornication

Penetration

Strangulation

Grab a dog

Spread its legs

Ram it in

When I say these things it probably gets

Under your skin

But you probably get horny and masturbate

After beating your kids

Chorus

Well isn't this disgusting

And aren't we gross

But it's the things that you do

That really are the most

Verse 2

Let's talk about your kids

Have you ever fucked one in the ass?

Or perhaps you prefer to go downtown and

Pay for someone else's ass?

If they had an execution on TV

You'd probably watch it

And later you'd say the sucker got what was coming

As you jack off in your closet

Chorus

Well isn't this disgusting

And aren't we gross

But it's the things that you do

That really are the most

Alright

Solo

Chorus

Well isn't this disgusting  
And aren't we gross  
But it's the things that you do  
That really are the most

Well isn't this disgusting (Isn't this disgusting)  
And aren't we gross (And aren't we gross)  
But it's the things that you do (Things that you do)  
That really are the most (That really are the most)  
So fuck you
