

## Jack The World

**GWAR**

Rid yourself of all the worthless crap in which you wallow  
Here's an iron fist of death for you to swallow  
Undead from Antarctica, the signals pumping free  
C'mon lets wake the maggot up, it's on  
Slave Pit TV  
You might sleep on concrete slabs, or be a blithering bohab  
Yet your growth is exponential if you consume excremental

Pay to Play  
Every single day  
You feel your brain cells  
Melt away  
The appalling calling  
Why don't you go away?  
We'll jack your world!  
Now your in the maggot chamber, corpses fill the charnel manger

Toilets pointing underground, can't forget the sloppy sound  
Jack jack the world (3x)

I wanna suck like lovers do I wanna lose a  
Grammy too I wanna kick the teeth outta you
