

Pre-Skool Prostitute

GWAR

I saw a friend just the other day
he didn't have too much to say
He looked crazy, he looked insane
He couldn't talk because his tongue
was inflamed
And then he tried to run away
From some chick that was coming this way
I think I thought I knew who she was
A little junkie whore that's a big ugly scuz

I didn't have to go to far
Flashed 20 bucks and then she got in the car
Tried to talk to her but she called me a fool
I tried to give her money
And put her family through school
Cause she's a real tough mama when she wear's women's clothes
Everybody knows she she's got a bone through her nose
She's really hot, he's hot to trot, but when she gets home
Daddies all over her twat

Pre school prostitute
All the drugs that you can shoot
Pre School prostitute
Slave to the brute

I finally gave up, let her do what she please
Wouldn't have sex with her cause I got a disease
But she told a sad story 'bout a family in woe
She was getting fingered by her Daddies big toe
He was the first
It was the worst
She came in a limo and she left in a hearse
She became five
She's still alive
Better call the bug man cause your twat is a hive

You're barely out of diapers and you're wearing a wig
You might be a baby but you smell like a pig
She got to five she's still alive
better call the bugman cause your twat is a hive.
A naughty nanny
Your grumpy Granny
A rusty tire iron hanging out her fanny
Oh, you little English schoolgirl you
