Mount up
Rip torn
Launch beast
Reborn

TORTURE, release the flies.

Your karma is the stench of a thousand whore's thighs.

My wrath hasÿ emerged from it's bottomless pit.

Unto a world drowning in shit.

And you are it.

TORTURE, release the flies.
Your dogma's the sheen of a dying man's eyes.
A plague to disrupt the intentions of your breeding.
The maggot awaits with your corpse I'm feeding.
