

# Swarm

GWAR

People of Earth  
You're a swarm of flies  
Maggots crawling  
From between your thighs  
Crammed into cities  
That soar to the skies  
Filthy cockroaches  
Why won't you fucking die?

SWARM!

(Stop breathing, stop eating)  
The human swarm consumes the earth  
(Stop breeding, stop feeding)  
You eat and fuck, it's all your worth  
(Stop pissing, stop shitting)  
Your existence is a curse  
(Stop crying, start dying)  
Will you please stop giving birth?

You suck and fuck  
Your way to doom  
Fill up the earth  
With the filth from your wombs  
Breeding like dogs  
There's no more room  
This dying planet  
Has become your tomb

SWARM!

(Stop breathing, stop eating)  
The human swarm consumes the earth  
(Stop breeding, stop feeding)  
You eat and fuck, it's all your worth  
(Stop pissing, stop shitting)  
Your existence is a curse  
(Stop crying, start dying)  
Will you please stop giving birth?

Despite our best efforts  
You just won't go away  
There's ten of you born  
For each one that we slay  
Useless eaters  
Just take up space  
Fucking breeders  
You're all a wretched waste

You've been misinformed, my dear  
The global ill that you should fear  
Is not global warming  
Stop global swarming!

SWARM!

(Stop breathing, stop eating)  
The human swarm consumes the earth  
(Stop breeding, stop feeding)  
You eat and fuck, it's all your worth

(Stop pissing, stop shitting)  
Your existence is a curse  
(Stop crying, start dying)  
Will you please stop giving birth?
