

# The Cutter

GWAR

Here's the first line of the motherfucking song  
About a cutter, motherfucker, she was sick of feeling numb  
She decided not to suffer, cut herself to the bone  
She grabbed a butcher knife and she ran away from home

Now she is The Cutter  
She don't hurt herself  
She hurts you, motherfucker

Feeling anger, feeling pain, feeling every fuckin' thing  
She took the razor off her wrist, made a fist, took a swing  
She don't wanna die, she wants to feel alive  
So now she's gonna stab you in your motherfuckin' mind

Now she is The Cutter  
Cuts you like no other  
Now she is The Cutter  
She don't hurt herself  
She hurts you, motherfucker

She's a cutter  
She's a cutter  
She's a cutter  
She's a cutter  
Blood will stain  
She's a cutter  
Open vein  
She's a cutter  
Rage untamed  
She's a cutter  
Say her name  
She's The Cutter  
She will cut you down

The Cutter  
It's not my fault  
Your blood will pacify my pain  
The Cutter  
I'll slice your throat  
My cure is pouring from your vein  
The Cutter  
It's not my fault  
Your blood will pacify my pain  
The Cutter  
I'll slice your throat  
My cure is pouring from your vein

Here's the last verse of this motherfucking song  
Who are you to say if it's right or if it's wrong  
Cut herself up but the pain still remained  
Until she turned the knife on the ones who were to blame

Now she is The Cutter  
Cuts you like no other  
Now she is The Cutter  
She don't hurt herself  
She hurts you, motherfucker

She's The Cutter  
She's The Cutter  
She's The Cutter  
She will cut you down
