

Tyrant King

GWAR

Gor
Gor
Gor-Gor
Big

Cold hard teeth, they gnaw on bones
They bite and crush the rocks and stones
They chew through gristle, fat, and flesh
Fall and worship
Tyrant King
Your doom

Baby gonna grow up big
Baby gonna grow up strong
Baby gonna chomp you, stomp you dead
Make you pay for what you did wrong
Gor-Gor ain't a kid no more
He's a full-grown dinosaur
Gor-Gor's gonna rape your skull
Spill your guts out on the floor

He is the fury
From depths below
Rips your eyeballs through your asshole
Still his ire grow
Kill, suck, eat, fuck
Then picks his nose
He's your worst dream come true
Now your time has come to
Die

Gor
Gor
Gor-Gor
Big

Bloodshot eyes are filled with hate
They see the shit that you create
They sneer and scowl at all you've done
The Tyrant King, he—

Gor-Gor got a fire in his eye
Gor-Gor got blood on his claws
Gor-Gor gonna thrash and smash and roar
He gonna make your kingdoms fall
Armies turn and churn and burn
All the missiles they let fly
But Gor-Gor, he don't give a damn
Your army's gonna die

And he's angry
Yeah, he's angry
All you wrought turned to rot
And he's angry
So fucking angry
Now your time has come to
Die

Now your time has come, your doom is fucking here
What's lost is found now that he's crowned
Existence disappears
You don't want to fucking see
That your fate's been prophesied
He's the slaughter of mankind
He's death and misery
Gor-Gor's gift
He brings extinction to your race
'Cause he is the fire
And he will fucking blaze
On all that you created, all the shit you humans made
Erase your race

Gor

Bloodshot eyes are filled with hate
They see the shit that you create
They sneer and scowl at all you've done
The Tyrant King, he lives
