

# Cradle of Love

Gwen McCrae

Ohh, ohh, yea

I've been looking for such a long time, baby  
To find someone like you, yea  
To ride in my cradle of love

Ohh baby, oh baby  
Come ride in my cradle of love  
Can't you see I want to be your girl?  
Baby, oh baby  
Lay your head on my chest  
And relax in my love nest

It's very clear you want your pain to disappear  
From within your heart  
It's tearing you apart, yea  
So baby, listen  
I got what you've been missin'  
Some of these and that  
Are you hip to where it's at?  
So baby, don't be shy  
Don't tell your heart a lie  
I know you are another woman's man  
And this is not the thing you planned  
And I can see you want to be my man

Baby, ohh baby  
Come ride in my cradle of love  
Can't you see I want to be your girl?  
Ohh baby, oh baby  
Lay your head on my chest  
And relax in my love nest

It's so easy to love a man like you  
I can tell by the things you say and the things you do, yea  
That's why it's so easy to understand  
And to include you in all my love plans  
Come lie here by my side  
Your needs you cannot hide  
I will lock away my pride  
I'm offering you a ride

Ohh baby, hey baby  
Come ride in my cradle of love  
Can't you see I want to be your girl?  
Baby, ohh, oh baby  
Lay your head on my chest  
And relax in my love nest

Mmm, babe  
Slow down, baby  
Lord, you're moving too fast  
Come on baby, come on baby  
Ohh come on, come on baby, yea  
You're moving too fast
