

# I've Got Nothing to Lose but the Blues

Gwen McCrae

Last few hours  
That we've been lyin' here  
I've been relivin' my past  
With a great deal of fear

Doin' what's right  
Seems to bring me nothin' but wrong  
So now I'm changin' my life  
I've been a good woman much too long

I spent most of my life lovin' just one man  
Oh, who walked out on for someone else  
And now I'm lyin' in your arms  
And I should be ashamed of myself

But no I got nothin' lose but the Blues  
I lost everythin' I had yesterday  
I got nothin' to lose but the Blues  
Since the man I love walked away

As I looked into his eyes  
I know exactly what he's thinkin'  
He thinks I'm just another so good woman  
No, he's just another man been drinkin'

But I'm not even gonna try to find him  
That this ain't never happened before  
And I'm not even gonna promise myself  
This won't happen anymore

But one thing I'm gonna say  
That there may come a day  
When I get myself together  
So my heart can love again
