

# Let Them Talk

Gwen McCrae

Just let them talk  
If they want to  
Talk don't bother me  
I'm gonna keep on to the whole wide world knows  
That I really love you  
I really love you so

Let them whisper  
For they know know  
What's between you and I  
I'm gonna keep on  
I'm gonna keep on loving you  
'Till the day that I die

They tried to break up a romance  
They didn't stay a chance  
We have the kind of love that's so strong  
We'll be together from now on

They say that gossip comes from the devil's workshop  
And only true love can make it stop  
I gonna keep on  
I gonna keep on loving you  
'Till the day that I die

Oh, they're envious of everything that we do  
But I wanna say it's wonderful  
When you love someone  
And that someone  
And that someone, really loves you

And that someone  
And that someone, really loves you

Yeah, that someone  
And that someone, really loves you

Yeah...

And that someone  
Yeah, that someone, really loves you
