

Something so Right

Gwen McCrae

You got the cool water
What fever runs high
You've got the look of love-light in your eyes
But I was in crazy emotion
Till you come down
Took a little time but you calmed me down

If somethin' goes wrong
I'm the first to admit it
The first to admit it
The last one to know
Somethin' goes right
Well, it's likely to lose meanin'
It's apt to confuse me
Such an unusual sight
Oh, can't get used to
Somethin' so right
Somethin' so right

They got a wall in China
It's a thousand miles long
To keep out the foreigners they made it strong
And I got a wall around me
That you can't even see
Took a little time to get next to me

Some people never say the words I love you
It's not their style
To be so bold
Some people never say the words to love you
But like a child
They're longin' to be told

I ain't used to nobody bein' so good to me
But you came along and you did me good baby
And you did me good I love you
Oh, I ain't used
All this sweet with love
All this sweet love you're givin'
And you must be right by now baby
I just, I just want to testify
I just want to testify
