

FLAMES

Gyakie

Flip the music
Baddest

Help me go all the way
Right away
I cannot explain it
Oouu oouu
It's alright
Very fine
I don't want you to like me yeah

Especially when you are touching touching me
I know you want it baby
Look at me and see
We are on fire, flames
(We are on fire, babe)

I said never never
Will I take another one aside ya side ya
But you dey push me everytime I beg ya beg ya
Can you read my messages
Odo, wo aa na mep3 o
Mm mm mm

Can you read my messages
Odo, wo aa na mep3 o
Mm mm mm
Can you read my messages
Odo, wo aa na mep3 o
Mm mm mm

Especially when you are touching touching me
I know you want it baby
Look at me and see
We are on fire, flames
(We are on fire, babe)

When we fight
And you curse
You cry and it hurts
And it burns
U we u we fireeee baby
Just like it's rehearsed
An entire re-run
When I go learn
(When I go learn)

I love you, it's simple
Turn to the side and let me see your dimple
I've known you for long, oh
It got to a point people said we resemble

We are on fire, flames
Yeah yeah
(We are on fire, babe)

Especially when you are touching touching me

I know you want it baby
Look at me and see
We are on fire, flames
(We are on fire, babe)
