

## Beating Heart

Gyllene Tider

It's easy to say "how are you?" (Oh I'm fine!)  
To talk about your ways and visions of your mind  
But it's so hard to tell someone  
what you really want say to someone  
It always ends up the same -  
You talk about fashion, fortune and fame

What I really really wanna do is to hear your beating heart.  
It's you the whole night thru, girl we'll never part  
All I wanna say to you is I want you, and I need you too  
All I really really wanna do,  
is to tell you I Love You!

It's easy to fall when you're up high in the sky  
and it's easy to recall the times I've tried to fly  
But it's so hard to tell this girl what I really  
want to say to this girl. It always ends up at her place  
watching the telly and playing some game!

All I really really wanna do is to hear your beating heart.  
It's you the whole night thru, girl we'll never part  
All I wanna say to you is I want you, and I need you too  
All I really really wanna do,  
is to tell you I Love You!

When we are together and she wants to dance  
and I just sit and wonder how it ever got this crazy  
maybe I'm a fool, maybe I'm lazy

All I really really wanna do is to hear your beating heart.  
It's you the whole night thru, girl we'll never part  
All I wanna say to you is I want you, and I need you too  
All I really really...
