

## Beware Wolf

Gyroscope

Focus on me baby.  
Way to flood my headspace (I'd kill for you)  
I know I kept you waiting (I'd wait for you)  
Oh. I'd kill for you  
You're keeping up such a good pace (I'll keep to you)  
Sucks you kept me waiting (I'll creep to you)

Ohhh I'd kill for you  
Whooooowooo i'll kill for you  
whooooowooo i'll kill for you  
whooooowooo i'll kill for you

If you run, you know that I'll give chase  
But the chances are you'd lose me  
I hate that and hate that  
I'd kill for you  
Way to flood my headspace (I'd kill for you)  
I know I kept you waiting (I'd wait for you)

Oh. I'd kill for you

I know I kept ya waiting  
Sucks I kept ya waiting  
A lack of Inspiration breeds temptation  
Really, I swear, I will try
