

Only November

Gyroscope

Take time, and control that time
you're never normal
then sit, in your fold-up chair
why aren't you normal?

whoa-oh, i see the rain in your eyes
grey as june skies
and it's only november

this is the only time..
you'll see me beg..

whoa-oh, i see the rain in your eyes
grey as june skies
and it's only november

only november..

whoa-oh, i see the rain in your eyes
grey as june skies
it's only november
